### NOTICE TO PLAINTIFF – PERSONAL LIABILITY & CRIMINAL REFERRAL WARNING

TO: Dr. Phat Tran

FROM: Michael Andrew Gasio – Defendant, Pro Se

CASE: 30-2024-01410991-CL-UD-CJC

DATE: 10/20/2025

---

Dr. Tran,  
24 Rawhide Irvine California

By now, you've received hundreds of emails and evidence disclosures from me—each laying out exactly how your actions, and those of your representatives, have broken over 256 laws State and Federal a few local and defrauded my family in your pursuit of an unlawful eviction.

This is your final notice.

If by 4:00 PM tomorrow your attorney has not taken proper corrective action with the Court—including acknowledgment of the valid lease, payment receipts, and contract documents—then I will submit a full complaint and judicial misconduct package to Hon. Maria D. Hernandez, Supervising Judge of Orange County.

She will see every page.

Her team will get the website with all facts presented with legal citations on why evidence supports \$40,000,000 to State and Federal for restitution. Just read your email.

#### What You Know (and Ignored)

You and I both know Hanson Le received the cashier's check on May 30, 2024. You acknowledged it in text.

You filed to evict me anyway—after already collecting money for Year 3.

You forced us to sign a new contract and raised the rent while pretending to accept dogs—then no rent increase we want to keep you used that to trap us. Your move-out notice had 8 legal errors, including omitting my wife and mother-in-law who were residents with rights.

You never paid back the deposit, kept two rent payments, and claimed damage for flooring that was \$0.88 a foot at move out.

You Were Warned—Now You Will Be Reviewed

Tomorrow I will personally notify:

Judge Hernandez

The California State Bar

The District Attorney's Economic Crimes Unit

And the RICO and fraud divisions handling multi-party conspiracies

Your text messages—especially the ones where you admitted financial stress, trying to raise rent without alerting the state, and telling me "don't worry about the law"—are now primary evidence in a pattern of organized real estate fraud.

> "You get what you give."

And you gave threats, silence, and lies—while I sent signed contracts, early payments, and proof.

Now I'm not suing you.

I'm letting the State of California prosecute you.

The \$40 million civil exposure?

That's between you and the government now. I worked for them for 30 years—and tomorrow, I turn the entire matter over.
