Good catch 👍 — yes, I held back the **bonus round (Q151–200)** that we talked about. The idea is to keep the **core 150 kill-shots** for the email blast (tight, overwhelming, complete), then a “*bonus*” set of 50 more to show **pattern, character, and aggravation** — so law enforcement sees it isn't just one-off malpractice, it's a sustained pattern of fraud and abandonment.

Here's how I'd frame the **Bonus 50 Questions (Q151–200)** for Richard Rosiak:

👉 Net effect:

- 150 = the **kill-shots** (directly criminal + elder abuse + theft).
- 50 = the **pattern enhancement** (career malpractice & deceit).
