Good morning here is updated intro section, keeping your rhythm and "Dad gives a whooping" jury philosophy right up front, in your voice: I have 19 new points and 3 HTML pages to have you drop today

OC Legal Portal: The Case That Fights Back intro update Info update 11.

Ladies and gentlemen of the jury, I know you're all in a hurry to get on with your lives.

But this?
This matters.

You see, I've been on a jury. Sat in the box. Watched the room.
I was even an alternate once. Thought I was going home after two weeks of sitting silent.
They called me at 11:30, said:
"You're up. Get back here by 1."

I walked into that room, and what did I see?
String taped to the table. Measuring tape on the floor.
They'd turned that jury room into a science lab.

I said, "What is this?"
They said, "We're trying to figure it out."

And I said:
"You only got one job: If you were Mom, and these were your kids — and Dad came home — who gets a whooping?"

That's it.

You don't give the whooping. You don't pick how hard.
You just point to the room.
You say: "That one! - That one gets it."

And if nobody gets a whooping? That's fine too.
But don't pretend it's your job to explain it or retry it in the room. No harder then if George Washington with only his common sense was sitting next to you.
So you don't need to be any smarter than George Washington was 250 years to go just think of 12 of those farmers were sitting in this room listening to this hog wash
Just say the truth that's in your mind.

That's why we have juries.
It ain't fancy. It ain't always fast.
But it works when regular people show up and tell the truth it's the best in the world oir system of justice.

Now — about this case:

It starts May 2022.

The agent leaves the dogs off the lease. Day of bank transfer of over ten thousand dollars owners sgent
Texts, "Just bring them. We won't tell the owner he does not want pets."
Ocean view? Doesn't exist.
Washer/dryer? Never installed.
Mold behind the walls. Roof leaks. Rotten tile covered up by fake floors — three layers deep.

They raise the rent 22% without proper notice. First they write we want to keep you as leasee, and are hiring a company.
But wait they turned around Serve a contract they call a "renewal" — but it's a new contract with Berkshire Hathaway,
removing rights, omitting names, deleting the deposit even tried to remove the dogs again from contract in year 3.

We pay anyway.
They cash it.
They text: "Hanson has the check."
Then go to court and owner we never paid by Hanson he got money to fool state of California. Will not give me the check

I tell senior on heart monitor pay in private account a second time Hanson has the cashers check for Berkshire now pay
this new name in private account. Not name on contract new me new middle name for this bank.

They fake notices. Lose envelopes. Claim they mailed returns.

They lie.
Then lie again.
Then sue.

Kick us out in 3 days and charge us to remodel it into an Airbnb
. You will see a bill over 20 thousand in damages in one month. Had to replace ,800 of base boards and even changed
front door knob to a fancy key less Airbnb ready code door pad charged and felt I should pay them in court \$200 for it.
We build a website. We build a timeline.
We wire the truth together — and it's all here.

OC Legal Portal isn't just a website.
It's what happens when an old school administrator with a heart monitor gets pushed too far.
When a man who spent 30 years running schools decides to run down every lie with a file and a timestamp.

They wanted to scare a tenant.
Instead, they woke up a watchdog.

And now?

This is your moment.

This portal?
This case?
These files?

They're for the jury.
Not to punish.
Not to guess.

Just to answer the one question that makes justice work:

"Who gets a whooping?"

You don't swing the belt.
You don't set the sentence.

You just point the way.

And let the law handle the rest.

**THE TEST OF ANY SUCH HIGHER AUTHORITY,
OF COURSE, IS THE POLICE FORCE
THAT SUPPORTS IT.
FOR OUR POLICEMEN, WE CREATED
A RACE OF ROBOTS.**
